

Teleflex Marine Steering Wheels

Teleflex[®]
MARINE

Put the classic finishing touch on any boat!

CHAMPION (w/cover)

CHAMPION (w/cap)

STEALTH (w/cover)

STEALTH (w/cap)

TALON

VIPER

ACE

(for helms with standard round 3/4" tapered shafts)

Features:

- Beautiful, high-detail styling.
- Rugged construction for marine use.
- U.V. and corrosion resistant materials.
- Stylish center medallion included.
- For helms with standard marine round 3/4" tapered shaft.
- All styles suitable for mechanical steering.
- Equidistant-spoke model (*Talon*) offered for use with hydraulic steering systems.
- Meet or exceed all applicable industry requirements.

NOTE: When properly installed, these steering wheels will attach to marine helms with ABYC standard 3/4" tapered steering shafts, using Teleflex or equivalent anti-vibratory lock nuts. Wheels with equidistant spokes are suggested for boats equipped with hydraulic steering in which a centered or "master spoke" wheel cannot be maintained.

Steering Wheels:

- Ace (with flush center cap) SW59691P
- Champion (with center cover)..... SW59201P
- Champion (with center trim cap)..... SW59291P
- Stealth (with center pad)..... SW59401P
- Stealth (with center trim cap)..... SW59491P
- Talon (equidistant, with rtrim cap).... SW56811P*
- Viper (with round center trim cap) SW52021P

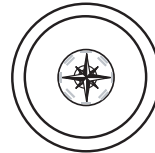

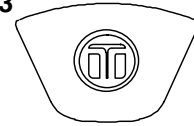

* Equidistant spoke wheel — recommended for hydraulic steering systems.
